Shipping Directions:

Q: OK, I decided I want you to do some work on my gun, now what ?

A: You simply send me your gun directly, via UPS or FedEx (NOT US MAIL / U.S. Postal service), INCLUDE WORK PAYMENT IN THE BOX WITH YOUR GUN.

(CASH, Money Order, or Cashiers Check / Bank Check are the ONLY accepted payment methods)

(NO CREDIT CARDS, NO CHECKS, NO I.O.U.'s, Etc.)

Personally I recommend that you do not tell the "mail store clerk" that you are shipping a gun,

I suggest saying it is machine parts instead, but that is your judgment call, not mine.

I am a licensed FFL dealer and it IS legal to ship to me.

Please mark the outside of the box "DELIVER AFTER 11:00 AM ONLY"

DO make sure you insure the parcel for at LEAST the replacement cost + payments.

Please ship in the SMALLEST box that will still protect your gun.

UPS charges for "dimensional weight" as well as "actual weight" whichever is greater.

(ie: a big box that weighs 3lbs, will be billed at 12lbs = \$50 additional fees)

Please also be sure to read the LEGALITY & TARIFF rules for UPS / FedEx.

The delivery address for UPS or FedEx ONLY is:

TJ's Custom - 3347 Caroline Ave. - Culver City - CA - 90232

NO "DROP OFF" OR VISITORS ALLOWED - NO EXCEPTIONS !
